CURRENT REALITIES

Bitcoin price in 2009: \$0.003

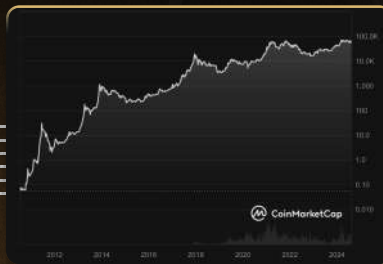

Number of bitcoins you could buy with \$100 / \$0.003 = 33,333 bitcoins

Current value of your bitcoins: 33,333 bitcoins * \$60,000 = \$2,000,000,000

Profit: \$2,000,000,000 - \$100 = \$1,999,999,900

Thus, if you had invested \$100 in Bitcoin in 2009, you would have bought **approximately 33,333 bitcoins**. At the current rate of \$60,000, your portfolio would be worth around \$2,000,000,000, and your profit would be approximately \$1,999,999,900.

Bitcoin has increased by more than 19,999,999% since its inception in 2009. If you had invested \$100 in 2009 and held onto your bitcoins until 2024, your approximate daily income would be \$36,301.37 from your \$100 investment.

THE HISTORY OF OUR COMMUNITY

On July 7, 2016, in the United Kingdom, we, a group of experienced traders and investors, united with a common goal — to overcome the limitations of individual trading. Our mission was to provide access to unique trading conditions for a wide range of private investors worldwide.

Our team, consisting of specialists striving for success in both trading and cryptocurrency mining, began its successful collaboration. The quality work of our marketers, impeccable reputation, and positive reviews quickly made our services popular, which positively impacted the profitability of our business.

2024

In 2024, to enter the international market, we officially registered our company under the name Onyx Trade. The launch of our own online platform for cryptocurrency investments significantly strengthened our position, making Onyx Trade a leader in this field.

ABOUT ONYXTRADE

Our main activities focus on cryptocurrency mining and trading, as well as developing equipment for mining farms. The investments we attract are directed towards key areas, ensuring the company's sustainable growth and development.

By investing with us, you gain **a unique opportunity for passive income** from all aspects of our business. You will earn not only from cryptocurrency mining and successful trading operations but also from the development and sale of innovative equipment for mining farms.

Your investments will work for you, providing a stable income from all areas of our activities. Thus, your participation in our company ensures passive income, benefiting from every segment of our comprehensive business model.

ROADMAP

ONYX TRADE is planning its development. We recently updated our roadmap.

2016

A team of experienced specialists in trading and cryptocurrency mining has been formed in the UK. Premises have been rented for the placement of the first mining farms. Mining equipment has been purchased. The core of a successful business model has been established.

2017-2018

The business model generates significant profit thanks to successful trader deals and the opening of new mining farms in Europe. The team also provides comprehensive turnkey solutions for setting up mining farms for other private organizations.

2019

Cryptocurrency trading is becoming the main source of income and contributes to the scaling of the team's business.

2020-2023

Our professionals optimize operational processes in mining and maintain a high standard of quality in farm installations. The number of highly qualified traders in the team grows annually, allowing the trading direction to take the top spot in business priorities in terms of profitability.

2024

The team's main founder, Thomas Williams, is opening a new chapter in development with the official registration of the company named Onyx Trade LTD. This move aims to expand the business globally and launch their own online investment platform.

2024 Q3

AMA Sessions by Onyx Trade for all partners and guests of our company. These AMA sessions are both educational and developmental in the field of cryptocurrency trading, as well as in working with our platform.

2024 Q4

Onyx Trade plans to start selling mining equipment and create a section on their website for its purchase to expand their business and meet customer needs.

2025 Q1

Onyx Trade is planning to open branches for investors, scaling their network of offices worldwide.

2025 Q2

Onyx Trade is opening a new branch, offering partners the opportunity to acquire their own real estate and invest in property with attractive returns.

2025 Q3

Creation of Onyx Trade's cryptocurrency token: airdrop, sale, and listing on popular international cryptocurrency exchanges.

2025 Q4

Onyx Trade plans to develop and launch its own application on the Play Market and AppStore platforms for the convenience and optimization of working with clients.

2026 Q1

Onyx Trade plans to open its own stores under the Onyx Trade brand, selling and distributing cryptocurrency mining equipment.

2026 Q2-Q3

Onyx Trade plans to offer its successful business model in a franchise format, giving clients the opportunity to become part of a thriving business.

2026 Q4 - 2027 Q1

The IPO launch of Onyx Trade marks an important milestone in its history. This step will open new opportunities for investment, further growth, and innovative developments. Investors will be able to participate in the company's success by purchasing its shares and becoming part of its future.
